

Tips & Tricks for Working with Children and Youth in Mental Health Practice

for behavioral health providers

The purpose of this training is to provide Nebraska-licensed behavioral health providers currently serving adults an overview workshop to increase interest in providing services to children and youth. Following training, participants will be offered the opportunity for ongoing professional development as a member of a behavioral health professional cadre helping to expand services to meet the needs of Nebraska's children and youth.

OBJECTIVES

1. Understand the current state of children's mental health in Nebraska, demonstrated needs, and systems which provide services to children and youth.
2. Discuss and debunk 'myths' about providing mental health services to children and youth.
3. Explore child and youth developmental issues, common referral concerns, and general education, and contrast this information with adult populations where applicable.
4. Develop a toolkit of methods and strategies for use in engaging children and youth.
